FOREWORD

This book is merely a collection of diversified facts which are to be found in a number of different places, and are collected together in this small volume in order to help you to become better acquainted with the history, traditions, and general life of the University of which you are to become a part.

We, the editors of the "M" book of the University, hope that the material that we have gathered may in some small way help you to acquire a better understanding of your new life here.

Of advice, you will find little, but what we do give we feel should be properly heeded in order that you may benefit by the mistakes that we who have gone before you have made.

You are now on your own, make the most of it, and in any difficulty that you may find yourself, the editors of this book stand ready to help you.

Make the most of these next four years, and beware of the most common malady of young collegians, Procrastination.

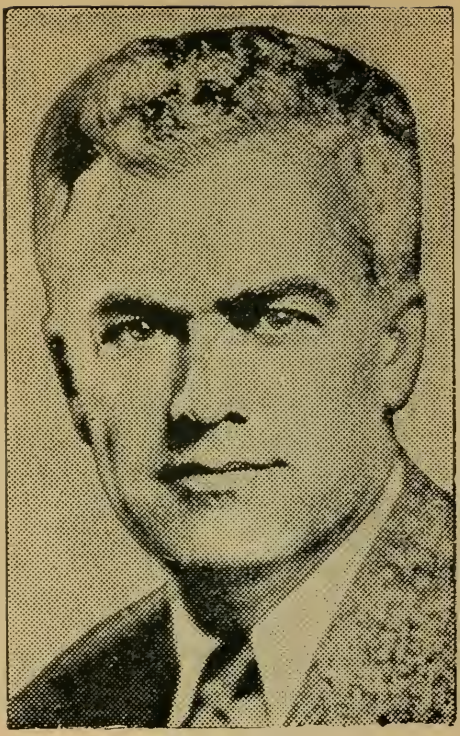
HARVEY T. CASBARIAN

DEDICATION

We, the Editors of the 1939-40 "M" Book, take pleasure in dedicating this year's edition to Harvey T. Casbarian, the genial and efficient Comptroller of the University. Financial counselor and friend to almost a generation of students, his helpful attitude towards their problems has made him a popular and respected administrative officer. Although, by virtue of his office, compelled to enforce what at times seem to be rather stringent University regulations, his sympathetic and considerate approach in applying them has tempered their effect so that many students who would otherwise have been unable to remain in the University have been enabled to complete their college education.

Mr. Casbarian's major duty, of course, is in the preparation and supervision of the University budget, and in directing its general financial operations. During the past year his duties have been particularly exacting because of the many and varied responsibilities associated with the large building program now nearing completion.



DR. H. C. BYRD
President of the University

GREETING FROM THE PRESIDENT

To students entering the University for the first time, and to returning students, a hearty welcome is extended. Many changes have taken place on the campus since the last academic year and vastly improved facilities are available. These include dormitories, dining halls, classrooms and laboratories. Some of the new buildings are not entirely completed but will be finished and in use during the late fall.

To students coming back to the campus, to whom Freshman students naturally will turn for helpful advice I ask your help in introducing the new students to the campus traditions, which mean much in University life.

To new and old students we would emphasize that administrative officers, faculty and staff, are all anxious to extend every possible assistance in meeting your problems. Feel free to call on any of us at any time.

With the splendid student body we now have, the enlarged physical facilities and the strengthened teaching staff, we look forward to the coming academic year with full confidence that it will be successful for the university as a whole and successful individually for all students who will earnestly strive to meet their daily responsibilities.

H. C. BYRD.
President

DEAN ADELE H. STAMP
Dean of Women

GREETINGS

May those of you who are returning and those of you who are entering our portals for the first time bring to this University steadfastness of purpose, clarity of mind, courage, and enthuiasm. May our white pillared buildings and green lawns become the center of a true college democracy. May the ability to live and work with people be inculcated in you. May your years at this University be happy and fruitful ones. This is my welcome to you.

ADELE H. STAMP,

Dean of Women

GEARY EPPLEY
Dean of Men

GREETINGS

To those of you who are returning to carry on work already begun and to new students here for the first time, I extend greetings and a sincere welcome.

You are now definitely associated with the University of Maryland, not for four years, but for life. Your acts will reflect upon the whole University, every member of the faculty, student body, and alumni. In other words, the University is a great cooperative institution in which we as a part of it must work to succeed and to help our fellowmen succeed. This is accomplished by becoming acquainted not only with your fellow students, but with the faculty and all the activities of the University.

If you will call on us you will find that the faculty and upper classmen will be only too glad to assist in any way possible to make your stay here at College Park enjoyable and instructive and your association with the University of Maryland one you will always cherish.

Sincerely,

GEARY EPPLEY
Dean of Men

THE HISTORY

1807 The College of Medicine of Maryland was organized in Baltimore.
This was the fifth medical school in the United States.

1812 The General Assembly of Maryland authorized the College of Medicine of Maryland to establish schools of divinity, law, and arts and sciences. The new institution was called the University of Maryland.

1823 The University Hospital was organized. A regular school of instruction in law was opened in accordance with the act passed in 1812.

1840 The Baltimore College of Dental Surgery was founded. This was the first dental school in the world..

1841 The Maryland College of Pharmacy, the third oldest pharmacy college in the United States, was established. In 1904 this college was annexed and named the school of pharmacy of the University of Maryland.

1856 The Maryland Agricultural College was chartered. This was the second agricultural college in the Western Hemisphere.

1862 The Maryland Agricultural College was made partially a state institution, and named as a beneficiary of the Land Grant Act. Under this act the College received the benefits from the sale of a portion of the western lands, and in return it was required to teach, in addition to agriculture, the mechanic arts and military tactics.

1882 A school of dentistry was added to the University.

1889 A school of nursing was established in Baltimore.

1914 Control of the Maryland Agricultural College was taken over entirely by the state.

1916 The name of the Maryland Agricultural College was changed to the Maryland State College.

1920 By an act of the State Legislature the University of Maryland, in Baltimore was merged with the Maryland State College, at College Park, under the name of the University of Maryland. At this time the school was made co-educational in all its branches.

1923 The Baltimore College of Dental Surgery, oldest in the world, was merged

with the School of Dentistry of the University of Maryland, and called the Baltimore College of Dental Surgery, Dental School, University of Maryland.

1939 Nine new buildings are in process at the College Park branch of the University and three are being constructed in Baltimore. When these buildings are completed the physical plant of the University will have been increased by thirty-five per cent.

PARKING REGULATIONS

The Automobile Parking Regulations are for the purpose of protecting the appearance of our campus as well as for personal safety and convenience. These regulations, which have been in operation for several years, have been found to be very beneficial to our campus. The following are the regulations proposed by our Campus Parking Committee and approved by the Adminstration.

Automobiles must not be parked or stopped on any of the campus roads except to take on or discharge passengers. Hanging on cars is not permitted. Fast driving and rounding curves at a speed greater than fifteen (15) miles per hour is prohibited. Blowing horns in front of buildings disturbs class activities and is prohibited at all times. Driving off campus roads on grass is positively forbidden. Studests must not park in Visitors' Spaces located in front of the Agricultural and Library Buildings.

University Lane has been made a through traffic boulelvard and parking parallel therewith has been discontinued.

Automobiles are to be put in the parking field until owners are leaving the campus, and there is to be no cruising around the campus.

Spaces to be used by students for the parking of automobiles are:

Women: Parking area north of University Lane and adjacent to the walk leading to Gerneaux Hall, except spaces 200 to 240 inclusive and 272 to 310 inclusive. Men students are not permitted to park in this area.

Men: Parking area near Calvert and Silvester Halls, except spaces 482 to 499 inclusive. Parking area between the Gymnasium and Silvester Hall. Parking area at Gymnasium, except spaces marked "Reserved".

Maryland State Officers have been detailed

to assist in maintaining these regulations, which are essential for maintenance of property, convenience, and personal safety. Any student who fails to observe these regulations may be deprived of the use of his car and driving privileges on the campus; continued violation may mean suspension from the University.

The responsibility for parked automobiles rests with the car owner. For further information inquire at the Office of the Superintendent of Buildings and Grounds, Room 18, basement of Agricultural Building.

STUDENT GOVERNMENT

TOM COLEMAN

FUNCTIONING OF THE STUDENT GOVERNMENT ASSOCIATION

The Student Government Association of the University of Maryland is divided into several independent organizations. The Executive Council, which is the supreme governing body, has power to establish student policy and retains final jurisdiction in all student governing questions. Campus regulations are formulated and enforced by the Men's League and Women's League respectively. A faculty committee known as the Student Life Committee supervises the work of all student governing groups.

The president of the Student Government Association, who holds the highest student political office on the campus, is elected by the student body in the spring. The president supervises the work of all four organizations and acts as an ex-officio member of each.

The vice-president of the S. G. A. acts as chairman of the Executive Council, thus enabling the president of the Association to act as a voting member and more adequately facilitate legislation.

Meetings of the organization, which are closed to the public, are held twice each month or more often at the discretion of the president.

All student activities under the Association are financed by an activities fee of ten dollars which is paid by the students upon entrance to the University. This fee is apportioned among the various organizations, so that admittance to all dramatic, debate, and operatic performances is free and all publications are distributed without charge to those who have paid the fee.

HANDLING OF FINANCES OF STUDENT ORGANIZATIONS

In the spring of 1930, the Student Government Association passed a resolution to charge each student a general activities fee of ten dollars per year, which fee included payment of class dues and subscriptions to The Diamondback, The Old Line, and The Terrapin. The Student Band and The Footlight Club were added to this group in 1931, and each student now receives tickets to the performances of the Footlight Club. Debate was added in 1933, and further subsidized in 1934. A combined Men's and Women's Glee Club was also added in 1934.

The money received is prorated among the aforementioned organizations according to a percentage schedule arranged by the Student Government Association. The accounts of these organizations and all other general student organizations are grouped in one account and are placed under the supervision of a Faculty Adviser. At the beginning of the school year, each organization submits a budget for approval, and then writes an order for each ex-

penditure to be made. This is checked against the budget and, if sufficient funds are available, is approved by the Faculty Adviser. Various firms with which the students deal are notified that the Student Government Association is not responsible for any debts contracted without the approval of the Faculty Advisor. Any student or individual contracting debts without an order is personally responsible.

The records of each organization, which are always open for inspection, are kept at the central office. Furthermore, each organization treasurer keeps his own set of books, which serves as a check on the Central Office. All bills are vouchered, and the accounts are audited by the State Auditor at the end of each year. In the first Diamondback issue of the school year, a full statement is issued of all accounts handled by the Central Office during the previous year. A check is also maintained for the students upon the sale of tickets for all functions held by the Footlight Club. the Rossbourg Club, the Glee Club, and the Opera Club.

Special Adjustments for Transfer Students

A system has been worked out for transfer students so as to make them eligible for class activities. Transfer students are permitted to pay class dues that are in arrears as follows:

Sophomore $2 Junior Class $4

Senior Class $2

However, University of Maryland students who fail to pay the dues for one or more years must pay the unpaid activity fee or fees in full to participate in the accumalative activities.

WOMEN'S LEAGUE RULES

I. Explanation of terms:

Head resident—official chaperon or house mother.

"Signing out"—filling out leave-of-absence slip with definite information: destination, escort, time of return. All women must sign out if they expect to be out after 7:30 P.M. Signing out for over-night permission must include the name and address and telephone number of the hostess. A "campus slip" (blue) must be signed if a woman leaves the campus planning to return before 10:15. If she plans to remain out after 10:15 she must be signed out on a "late leave" slip (white).

"Signing in"—every woman must personally sign in on the corner of her slip upon returning to her residence.

Late privilege—permission to remain out of residence from 6:30 until 10:15.

Late leave—permission to remain out of residence until 12:45.

To carry—each class has an allotted number of late leave privileges. In certain cases, late leaves not used one month may be "carried" and used the next month.

To borrow—In certain cases, late leaves may be borrowed from the month in the immediate future.

II. Residence meetings:

Attendance at residence meetings, which will be called from time to time, is compulsory. The attendance shall be checked by the monitors. The head resident is the only one who has authority to excuse girls from attendance at residence meetings. Those failing to attend will be brought before the Council.

III. Residence leaves:

Freshman and Sophomore women must be in residences by 7:30 on week nights from October 1 to April 1, and by 8:00 P.M. during September, April, May, and June. All women must sign out if they expect to be out after these specified times. Late leave privileges are granted as follows:

Freshmen—1, can carry but not borrow, taking not more than 2 in one month.

Sophomore—2, can carry and borrow, taking not more than 4 in one month.

Juniors—3, can neither carry nor borrow.

Seniors—unlimited.

Juniors and Seniors must be in residences by 10:15 on week nights. Freshmen may not go to the library in the evening without special permission of the head resident.

Juniors and Seniors having conditions or failures must be in residences by 7:30 on week nights from October 1 until April 1, with the following late leave exceptions:

Juniors—3, can neither carry nor borrow.

Seniors—4, can neither carry nor borrow.

All classes must be in residences by 10:45 Friday and Sunday nights, unless late leaves are being taken, or later campus functions attended, and by 12:45 on Saturday night.

There shall be one night each week when there may be no late leaves taken (the night to be determined by the individual residence). If, on this specified night, it is necessary for a girl to spend the night away from her residence she must use a late leave unless this night happens to be the night before or the night of a holiday.

All University functions may be attended without late leaves. A woman student must be in her residence three-quarters of an hour after such functions as basket ball games, boxing matches, Footlight Club plays, Opera Club programs, club meetings, etc.

Swimming Club and Riding Club members must return to their residences by 10:15 P.M. from the meetings held off the campus.

During examination week a girl may go home or she may stay out until 10:45 if she does not have an examination the next day. When all of her examinations are over she may go home or take late leaves which do not count against the number allotted to her.

Moving-up day is May 1. From that day all Junior women who have a sufficient number of credit hours to be classed as Seniors (a minimum of 90 semester hours), and no conditions or failures, assume Senior privileges. All the other classes move-up accordingly.

"Signing out" and "in" must be done by the woman whose name appears on the slip. The only exception to this rule is the following: a woman student may telephone the head resident and ask that she be signed out. No woman may telephone to be signed out after 10:30 P.M.

All women having an engagement or planning to spend the night at home must leave the residence by 10:00 P.M. on week nights and 10:30 on dance nights.

No woman is permitted to spend the night away from her residence without written permission from home. This permission need not be secured for spending the night at her home or at her sorority house.

Women planning to go horseback riding during the year must have written permission from home.

All sorority presidents must notify the Office of the Dean of Women in advance as to date and time of pledge meetings, initiations, buffet suppers, teas, or any other sorority functions which continue after study hour begins.

IV. Dances:

To each women's residence there is sent wekly an official list of approved dances with the hours and place noted. This list should be consulted and the scheduled time of closing noted before signing out.

In general, campus dances end at 12:30 on Friday night, and those who attend must be in their residences one-half hour after the scheduled closing of the dance. Women must return from dances held off campus one hour after the scheduled time for closing. The exception to this ruling is the Junior Prom from which women may return as late as two hours after the scheduled closing hour of the dance.

Dances held on Saturday night close at 12:00 and women must be in their residences by 12:45.

The following dances MAY BE scheduled for the hours noted; women students must return one-half hour after the scheduled closing time:

Sophomore Prom	1:00
June Ball (Commencement Ball)	1:00
Rossbourg after Junior Prom	1:00
Rossbourg during Commencement week	1:00
Military Ball	2:00
Junior-Senior German	2:00
Inter-Fraternity Ball	2:00
Calvert Cotillion	2:00
Christmas Rossbourg	2:00

Sorority and fraternity spring formals MAY BE 2:00 dances. Every woman may stay until the close of *one* formal. If she attends other

formals she must be in by 1:00. A woman attending a formal on the campus or in the Park, must be in her residence by 2:30. At no time may a woman return from a spring formal later than 3:00.

V. Visiting in men's residences:

Women students may visit in a fraternity house or in a registered off-campus men's residence *only* when an approved head resident or chaperon is present and *only* on the following days (on other days on the occasion that a special invitation to a fraternity social function, as dinner or tea, has been issued):

Friday—6:00 P.M. to 12:30 A.M.
Saturday—12:00 noon to 12:00 midnight.
Sunday—12:00 noon to 10:00 P.M.

VI. Quiet hours:

Quiet hours shall be observed from 8:00 in the morning until 12:00 noon, and from 1:00 to 4:00 P.M. daily except Saturday and Sunday, when it shall be from 11:00 P. M. to 11:00 A.M. At night from 7:30 on, with intermission from 10:00 to 10:30, except Friday, Saturday, and Sunday nights, when residences must be quiet after 11:00 P.M. There shall be no bathing after 10:30 on week nights or 11:00 P.M. on week-ends.

No radios or musical instruments of any kind may be played during quiet hours. If this rule is not complied with, the musical instrument will be removed for an indefinite period.

VII. Rooms:

Rooms must be in order by 8:00 A.M., with the exception of Sundays and holidays, when they must be in order by 12:00 noon.

Occupants of rooms are responsible for breakage or damage done to the furniture. Rooms will be checked by the head resident and

occupant in September as to the number and condition of articles in the room. The room, etc., will be checked again in June; any damage done will be charged to the student.

There shall be no washing or ironing in rooms at any time. Hose may be laundered and hung on towel racks provided water does not drip on the floor. Any other laundry must be done in the laundry room provided for this purpose. A strict penalty will be enforced if any woman does laundry work in her room.

VIII. Guests:

Arrangements for the accomodation of overnight guests must be made with the head resident. There is a fee of 75c per night.

IX. Callers:

Men callers may be entertained in the lobby or recreation rooms between 6:00 and 7:30 P.M. on Monday, Tuesday, Wednesday, and Thursday; on Friday between 6:00 and 10:30 P.M.

A man may wait in the residence after 7:30 P.M. for his date provided he observes quiet hour.

Salespeople shall not canvass in residences. Any strange person seen in the hallways should be reported to the head resident.

X. Penalties:

1. Returning from late leaves, campus leaves, dances, library, or any campus function:
   1-4 minutes—loss of late privileges from Monday through Thursday night.
   5-9 minutes—loss of late privileges from Friday through Sunday night.
   10-15 minutes—loss of late privileges from Monday through Sunday night.
   Over 15 minutes—special consideration by Office of Dean of Women and League Council.

A woman who has lost her late privileges must return to her residence by 6:30 p.m. She may not go to the library or attend any campus or sorority meetings. She may not take any late leaves or attend any social functions on the Campus or in the Park.

Any woman who has taken over her quota of late leaves loses, the following month, twice the number of late leaves she took above her quota.

3. The penalty for untidy rooms, not signing in or out, breaking quiet hour, and not attending residence meetings, consists of loss of late privilege for three consecutive days.

4. If a woman is brought up before the League a second time for the same offense, the League reserves the right to penalize the woman as it sees fit according to the seriousness of the offense.

STUDENT PUBLICATIONS

Three student publications are published by the University of Maryland undergraduates each year. These publications are: The Diamondback, semi-weekly newspaper; The Old Line, monthly humor magazine; and The Terrapin, annual year-book.

The staffs of each of the publications are composed of students from the freshman, sophomore, junior and senior classes. The editors are chosen, except in unusual circumstances, from members of the senior class. These editors are selected each spring from a group of candidates by the outgoing editors and the Publications Board. Eligibility for positions is determined by length of service, ability, and freshman and sophomore staff records.

Shortly after registration, a meeting of candidates for Student Publications is held under the supervision of the editors and business managers, questionnaires are then issued to determine the type of publication and department in which the applicants wish to work. No previous experience is necessary to become a member of a publications staff.

The Diamondback, semi-weekly newspaper, is published every Tuesday and Friday and contains complete University news and official bulletins with which every student should be familiar. Opportunities are afforded undergraduates to secure much valuable experience in advertising and editorial lines. The Terrapin is published in June, and contains a complete

record of the University work for the year, together with summaries of spring sports results, a feature almost unique in college annuals. The Old Line brings cheer into our hearts eight times a year.

Major officers of the publications for the year 1939-40 are:

DRAMATICS

Even though the Footlight Club is hampered by inadequate facilities, it has produced a number of fine plays during the past nine years.

Under the able guidance of Ralph I. Williams, talented director, the thespians have staged successfully an average of four full length plays a year, and a number of one-act performances and comedy skits.

During the past season the Footlight Club presented four plays: "Tovarich," "Ghosts," "First Lady," and "You Can't Take It With You."

Projects of the club consists of faculty and student teas, parties for poor children, and donations of baskets to the poor at Christmas and Thanksgiving.

The club had a number of guest speakers on the subjects of personality, modeling, character, and charitable institutions.

GLEE CLUB AND WOMEN'S CHORUS

The Men's Glee Club and Women's Chorus have grown to be two outstanding campus organizations.

Under the direction of Professor Harlan Randall, musical director of the University, these two groups have expanded to a total of ninety voices in the mixed chorus. These groups assisted in the concert given on the campus this year by the celebrated Nino Martini.

The Glee Club and Women's Chorus gave two concerts during the winter, and in the spring the Glee Club went on a short tour.

Try-outs are held at the beginning of the fall semester by Professor Harlan Randall.

DEBATE

The Calvert Debate Club has achieved a high position in campus activities in the four years it has been organized. Dr. Ray Ehrensberger, acting-head of the Department of Speech, is head of the committee of faculty advisers to the club. Schedules are arranged through the Student Activities Office.

This year the club held a Intermural Debate tournament in which all the various clubs of the campus participated. The final winner was the Women's League. In addition to a northern tour, the men's team debated several times over the radio, and entertained Howard University at a Panel debate here. The Women's team went on a trip to Richmond.

Try-outs for the club are held during the first month of school.

OPERA CLUB

Since its revival five years ago, the Opera Club, under the direction of Harlan Rasdall, musical director of the University, has produced several successful operettas among which are Victor Herbert's "Sweethearts," Rudolph Friml's "Vagabond King," and Herbert's "Mlle. Modiste."

The club sponsored the First Varsity Show last spring. This show was such a success that plans are underway for another Varsity Show next year. It is expected that both an operetta and a Varsity show will be sponsored by the Opera Club during 1939-40.

THE ROSSBOURG CLUB

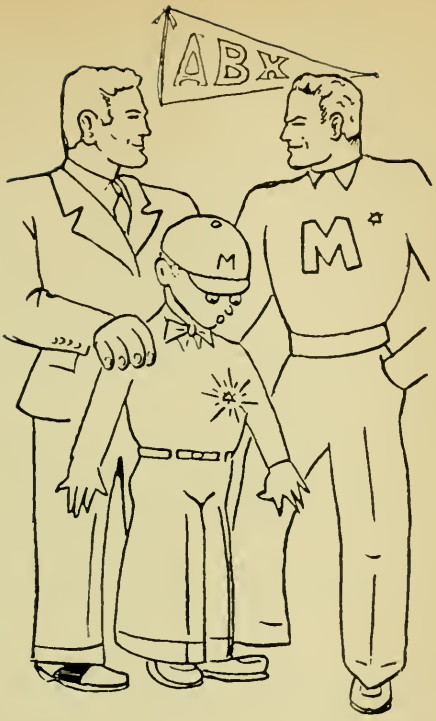
The Rossbourg Club was founded in 1891 to serve as a social club for the students of the Maryland Agricultural College. Its name was derived from the Rossbourg Inn, oldest building on the campus, which was a social center in the days of George Washington.

For many years the Rossbourg Club has been giving dances here, and now offers five of the best dances on the Hill. Last year Rossbourg members danced to the music of such leading bands as Bunny Berrigan, Paul Tremaine and Artie Shaw.

Y. W. C. A.

The Y. W. C. A. was organized at the University in 1930, but it was not until 1937 that the association functioned as an independent unit.

Officers and chairman of the committees make up the cabinet which is the executive body of the Y. W. C. A. Women students interested in the work of the organization are urged to become members and participate in the activities.



FRATERNITIES AND ORGANIZATIONS

Section 4

CONCERNING FRATERNITIES

The aim and dream of many a freshman is to attain membership in a great collegiate fraternity. To many, this dream means luxury of living, a sense of superiority, a good time among "brothers," and a shining pin to show the home folks.

A fraternity or sorority should mean much more. It should mean closer companionship with other men or women with similar ideals who are pledged to raise the moral, educational, and social standards of the group.

In a few weeks many will have the opportunity to join one of these lodges. The opportunities for you to benefit from these affiliations are numerous, but please keep in mind:

That your decision will probably have more effect on your future life than any you have ever made in the past.

That you are not an outcast if you do not receive the bid you wish, or any bid—you may be too intelligent instead of too backward to interest that particular organization.

That many of the potentially fine men have been completely buried in their fraternities.

That men in other fraternities may be worth cultivating or keeping as intimate friends. Some of your best friends in the Freshman Class will not be in your fraternity. Do not lose them.

That you are entitled to know the financial set-up of any fraternity that rushes you.

That it is neither any credit to you nor to a fraternity to obligate yourself before the official pledge day.

And that your success or failure does not rely on whether you make a fraternity or not, but on the initiative and perseverence you show in either situation. Some men are actually made by fraternal affiliation; others submerged or ruined. Choose your course carefully, remembering that after pledge day your battle to prove your worth is only starting.

THE FRATERNITY CRITERIA

(This article is printed by request of the Interfraternity Council)

The National Interfraternity Conference was founded in 1909 for the purpose of discussing questions of mutual interest and to make such recommendations from time to time as it deems wise. It is composed of sixty-four national fraternities which meet strict qualifications for membership. Its annual conferences are attended by about three hundred and fifty officers and alumni of the various fraternities and about fifty deans of men and college presidents. It sponsors the National Undergraduate Interfraternity Conference, composed of delegates from the Interfraternity Councils on campuses all over the United States and Canada, which meets in conjunction with the Conference itself. It publishes a Year Book, the report of its annual meeting, in which much valuable information about college fraternity life is included.

In the fall of 1934, the Executive Committee of the Conference and the Educational Advisory Council reduced to writing the following criteria in order further to advance cooperation between fraternities and educational institutions. The statement was subsequently approved by the American Association of Deans and Advisers of Men and by the Conference itself. It reads as follows:

We consider the fraternity responsible for a positive contribution to the primary functions of the colleges and universities, and therefore under an obligation to encourage the most complete personal development of its members, intellectual, physical and social. Therefore, we declare:

1. That the objectives and activities of the fraternity should be in entire accord with the aims and purposes of the institutions at which it has chapters.

2. That the primary loyalty and responsibility of a student in his relations with his institution are to the institution, and that the association of any group of students as a chapter of a fraternity involves the definite responsibility of the group for the conduct of the individual.

3. That the fraternity should promote conduct consistent with good morals and good taste.

4. That the fraternity should create an atmosphere which will stimulate substantial intellectual progress and superior intellectual achievement.

5. That the fraternity should maintain sanitary, safe and wholesome phyical conditions in the chapter house.

6. That the fraternity should inculcate principles of sound business practice both in chapter finances and in the business relations of its members.

These criteria should be applied in close co-operation with the administrative authorities of the institutions. Detailed methods of application will necessarily vary in accordance with local conditions. It is the purpose of the National Interfraternity Conference to offer detailed suggestions, after further study and investigation, regarding practical steps to make this co-operation effective.

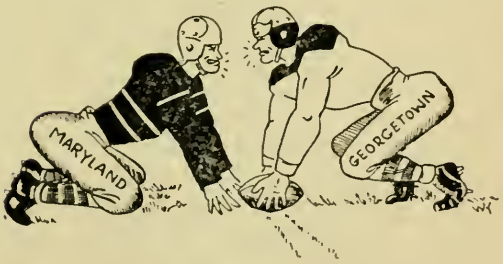
INTRAMURAL PROGRAM

The 1939-40 Intramural Athletics season was the most successful the University has had since intramural competition was initiated into the sports program three years ago.

The men's and women's physical education department cooperated to offer competition in twenty-two sports. Handball, badminton, and shuffleboard courts, together with an indoor archery range were opened.

The minor sports program was given a great deal of impetus by the energy and enthusiasm of the men's department. They organized and officiated at games under the supervision of student leaders.



MINOR SPORTS DIRECTED BY THE PHYSICAL EDUCATION DEPARTMENT

Soccer. Varsity and Frosh teams are under the leadership of "Stew" McCaw, Physical Education Instructor. The Varsity team is a member of the Maryland Intercollegiate League.

Wrestling. The Varsity and Frosh squads are coached by "Stew" McCaw, Physical Education instructor. The Varsity squad schedules outstanding meets with leading wrestling aggregations.

Golf. The Varsity Team had dual meets with the universities of Baltimore, and Georgetown, and with the U. S. Military Academy. The squad also entered the Washington Intercollegiate tourney.

W. A. A.

The Women's Athletic Association is an organization formed to promote and supervise athletics among the women students of the University.

Membership is open to all women students, and a complete program of major and minor sports is carried on under the direction of the women's physical education department.

Major sports are hockey, soccer, tennis, track, basketball, volleyball, and softball. Minor activities include golf, darts, archery, table-tennis, shuffleboard, and badminton.

Class and intramural tournaments are sponsored in each of the major sports. All awards are made on the basis of a point system. *Requirements are:*

Freshmen numerals—400 points; An "M", the Sophomore Award, 900 points; Junior Award, 1,400 points; and Senior Award, 1,900 points. Last year the coed rifle team became affiliated with the W. A. A. and is now included as part of the point system.

ALMA MATER

(Maryland! My Maryland!)
The sons and daughters throng thy door,
Maryland! My Maryland!
Their hearts and hopes they bring to thee,
Maryland! oh Maryland!
And place them in thy custody,
Proud hearts that pledge their love for thee:—
They come from mountain, farm and shore
Maryland University!

Go forth, brave youth, throughout the state:
Maryland! My Maryland!
And your actions, show her great:
Maryland! Our Maryland!
Thy Alma Mater's name and fame,
Oh keep alive her holy flame,
Until all hearts as one exclaim,
Maryland! My Maryland!

Cheer, three times cheer, and one cheer more
For Maryland! Dear Maryland!
Send forth that cry from hill to shore:—
Maryland University!
Fair Mother of our brightest dreams,
Blest giver of life's precious things,
To thee each heart its service brings:—
Maryland! My Maryland!

U. of M.

(Tune of Caisson Song)

U. of M., U. of M.
Keep the ball away from them,
Keep that pigskin a-rolling along!
Up the field, down the field,
Not an inch of ground we'll yield,
Keep that pigskin a-rolling along-
Then it's Whiff! Wham! Whack!!
Hear that Maryland quarterback
Shout out his signals loud and strong!
Where'er you go, you will always know
That the pigskin is rolling along,
(shouted) Maryland! Maryland!
Keep that pigskin a-rolling along!

Sons of Maryland

(Tune, Sons of America)

Sons of the Gold
Sons of the Black,
Fight, No spirit lack.
Your Alma Mater
Needs you today.
To help win the fray.
Shoulder to shoulder,
Back to back,
We'll fight together
For the Gold and Black.
Fair Sons and Daughters
Of Maryland
Upon you all vict'ries stand.

Chorus

Sons of Old Maryland,
Old Maryland needs you!
Stand by your colors, boys,
And to them e'er be true!
Fight for old Maryland,
Old Liners! Stand.
Defenders of the Black and Gold
Throughout this land.
Team! Team! Team!

The despot's heel is on thy shore,
Maryland! My Maryland!
His torch is at thy temple door,
Maryland! My Maryland!
Avenge the patriotic gore,
That flecked the streets of Baltimore,
And be the battle queen of yore
Maryland! My Maryland!

Thou wilt not cower in the dust
Maryland! My Maryland!
Thy gleaming sword shall never rust
Maryland! My Maryland!
Remember Carroll's sacred trust,
Remember Howard's war-like thrust,
And all the slumb'rers with the just,
Maryland! My Maryland!

Maryland

In the very heart of Maryland.
In the heart of every Maryland man.
There's a spirit so endearing
It will win your heart and hand.
For she doth hold sway,
She will win the day,
And her glorious men will ever win the fray.

Chorus

Then it's Hurrah! Hurrah! for Maryland.
Then's it Hurrah! Hurrah for U. of M.
With her banners ever streaming high,
She will always win or die.
Never forget the glories of the past,
Carry on triumphant to the last,
For we love. we love Old Maryland,
Hurrah! Hurrah! Hurrah!

All Hail! to Our Maryland

Let us sing to Alma Mater
University of Maryland
Let us deck her o'er with glory,
Wth triumph and honor, hand in hand:

University of Maryland,
The college so dear to our hearts,
We'll cheer for the teams which are all so great,
Its prarises ring, from State to State;
Along the well-worn trail of victory
Maryland will follow on and on,
And the colors in the lead,
Will be Black and Gold, indeed.

Alma Mater

(By Bob Kinney, '41)

Hail, Alma Mater!
Hail to thee Maryland-
Steadfast in loyalty
For thee we stand.
Love for the Black and Gold,
Deep in our hearts we hold,
Singing thy praise forever,
Throughout the land.

Victory Song

Down on the field they're fighting.
Pride of the Black and Gold,
Men, every one of them,
Warriors of U. of M.
Our honor they'll uphold.
On toward the goal they're marching.
It will not take them long,
So, let's give a cheer,
For the men we hold dear,
And sing to them our Victory Song.

Chorus

Maryland, we're all behind you;
Wave high the Black and Gold,
For there is nothing half so glorious
As to see our men victorious;
We've got the team boys,
We've got the steam, boys,
So keep on fighting, don't give in!
(Shout) M-A-R-Y-L-A-N-D!
(Sing) Maryland will win!
